Dear Team Leader,

I wanted to give you an update on how our group project is going. We have completed most of the research and a good portion of the project so far. Right now, we are working on the remaining sections and reviewing what we have completed.

We faced a few difficulties while coordinating the work between team members and gathering some of the required information. We were able to sort out most of these issues, and the work is going smoothly now.

We are expecting to complete the project by the end of this week. Once everything is finished, we will go through it once more as a team and make any final changes before submitting it.

Please let me know if you have any suggestions or if there is anything else we should work on.

Best regards,
Likith Rayal
